MAKE THE MOST OF THE FREE STUFF!**

YouTube has a wealth of knowledge about most art mediums for painting and drawing. This class will take a look at some of the options available and the class can decide on what they want to learn. The facilitator will be available to provide hands on assistance as participants create their chosen piece of art. The objective will be to create one or more works of art across a 10 week course. Students will be required to provide their own materials once they have selected their project. The facilitator has had some experience with a number of mediums including: oil paints, acrylic paints, watercolour, pastel chalks, colour pencils, watercolour pencils, pen ink drawings. Students will receive instruction and advice whilst following YouTube tutorials of their choice which will allow for progress at an individual level. The more you put in the more you will achieve.

NEW!**AGREEING TO PEACE AND BUILDING CONNECTION 93**

Agreeing to peace and building connection explores (NVC) Non Violent Communication. NVC teaches a way towards empathy and connection with self and others. The course is a series of practical step by step workshops. It will help us to profoundly understand what can be missing in the world and how alienation leads to violence. We learn and practice acting with empathy and thus understand how to connect more easily with ourselves and others. Connection can be learned, it is a skill. The first step is to understand how conditioning has led us to be self absorbed and honour being better, being winners, being more! When connection is our main goal, all the improvement and winning becomes irrelevant. Recognizing the deep significance of connection in our lives shows us how its lack can lead to developing enemy images and block compassion. That block is the cause of discrimination, racism, violence and even war. We use the text by Marshall Rosenberg, "Non-violent Communication a language of life", and material from the Centre for Non-Violent Communication, (CNVC), www.cnvc.org.

Each term of workshop will cover the full range of strategies and attitudes. However it will not be repetitive to participate in the course more than once.

It is important to purchase the course text. However, I have some extra copies to lend if you are unable to afford one.

- *Careful, He Might Hear You* (Sumner Locke Elliott)
- *Johnno* (David Malouf)

- *Death of a River Guide* (Richard Flanagan)

Our discussion of Australian Classics will be enlivened by viewing a number of movies adapted from the original novels, while some audio recordings will provide the basis for further study.

From time to time we also feed in shorter series of forms that are helpful for rehabilitation, diabetes, osteoporosis, and energy.
